

REMARKS

The application currently includes claims 1-31. The Examiner has indicated that the claims are divided into a first invention of claims 1-28, and a second invention of claims 29-31. A telephone call with the Examiner on September 19, 2005 indicated that the second invention includes claims 29-31, and not just claim 29 as stated in the office action.

Applicants elect to prosecute the first invention of claims 1-28 without traverse.

Respectfully submitted,
